A CATALOGUE OF

---

**I**N presenting this catalogue to the public, we do so with the assurance that it is the most complete one of its kind ever issued. It has been gotten up at great expense and considerable pains, and we particularly request that if it is of no interest to you to kindly pass it along to someone else who might have use for it. We do not intend to make up a new catalogue for several years to come, and it would be well to retain this in perfect condition as a reference book. Please do not cut out pages or parts of pages or mutilate this book in any way, or do not cut out any part of the catalogue to explain your order.

should be found on the counters of all high-class stores.

This catalogue supersedes all others. Please destroy all of our former catalogues.

## CONCERNING MAIL ORDERS

---

SIGN your Name, Town, State and County very plainly to every letter. State amount of money enclosed. If goods are to be sent by mail, enclose sufficient to cover cost of postage, as we will under no circumstances pay mail charges, and if enough postage does not accompany the order, goods will invariably be sent by express.

Unless you have an account with us, our terms are strictly cash with order or C. O. D. by express.

Parties desiring to open an account must give New York City references. Remit by Registered Letter, Post Office Order, Express Money Order or Draft on New York.

### STAMPS

We positively will not accept stamps for amounts over \$1.00. If possible, always send Money Orders.

If stamps are sent, wrap them in wax paper, as otherwise they stick together and become useless.

We positively do not send samples or goods on approval. As most of our goods are of a breakable nature, it is always best to send them by Express, as we are not responsible for mail packages. In addition to this Express is usually quicker than mail.

Goods sent according to order cannot be returned or exchanged. Be explicit in ordering. Unless otherwise instructed, we will always substitute as near as possible if pattern ordered is not in stock. It would be well to give second and even third choice. Sending cash with order saves you the extra C. O. D. collection charges.

Reasonable time must be allowed us for the filling of orders. We particularly request you to make out orders on our order blanks, which will be cheerfully sent to you on request.

This department is one to which we have given our special attention and we take pride in saying that it has become the leading one of its kind in the country.

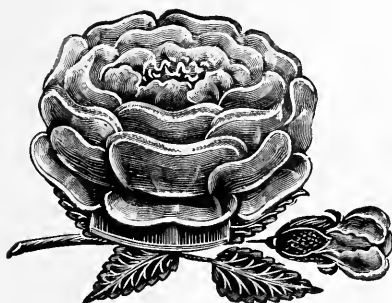

We make up these fancy cases in an immense variety of dainty and pretty designs and they make an effective addition to any dinner table.

These cases are used for serving Ice Cream, Punch, Sorbet, Bisquit Glace, Bonbons, etc., and are always appropriate as a souvenir.

It is well to allow 3 or 4 days for the making of these cases. Most of them can be made in any color.

### Jack Horner Pies, Favor Balls and Bells

A clever arrangement in shape of large Fancy Pies to be set on the table and Favor Balls to be suspended from ceiling or chandelier. The Favors are concealed in the pie or ball. Each favor is wrapped in tissue paper with paper hat and attached to separate ribbons. Guests pull ribbons at the same time, the favors coming out of the pie, causing no end of amusement. In addition to the fun they create, the pies and balls are an attractive decoration to dinner table or ballroom.

This idea will be found equally appropriate for adults and children.

These are made in any color, any number of ribbons. Popular size is 12 ribbons. As we make these up to order, 3 or 4 days must be allowed for any special kinds.

Any of our Jack Horner Pies (not the hanging ones) can be used for different occasions, as follows:

For Wooden Weddings (5 years), to contain wooden favors.

## Snapping Mottoes

A table decoration and a source of amusement that is reasonable enough in price, not to be dispensed with at dinner, dance or party. There are two kinds of Snapping Mottoes. One kind contains grotesque hats only, while the other, in addition to the hats, contains amusing novelties of every description, gathered from all parts of the world.

These Mottoes are imported from three different countries—England, France and Germany. What follows can give only a small idea of the immense variety we carry in stock. In ordering Mottoes, it is advisable to depend on our selection, to some extent. We do not break boxes, which always contain one dozen unless otherwise specified. Most of those that are six in a box can be had in solid colors.
